Push Button Paging System

Call Staff at The Press of a Button

A BTG Push Button Paging System will transform the way you communicate with your staff. Push Button Paging allows you to efficiently contact staff wherever they are located in your building at the press of a button.

BTG Push Button offers instant communication, up to 999 buttons can be linked to individual pagers.

When the call button is pressed the staff member is instantly notified with the display on their pager indicating which button has called for service.

Options for 1,2,3 & 4 button units. Call & Cancel also available.

If you need a simple to operate efficient solution to staff communications, BTG Push Button Paging is the answer.

BTG Push Button units have the option of Perspex wall or desk top holders or a smart A5 advertising display holder.

Simple operation, press the button to call the staff member and press cancel to remove the message from the pager.
